JavaOne Terms and Conditions

Per Oracle rules and regulations, every attendee must register for the conference him/herself using his/her own Oracle.com single sign-on (SSO) login. If an attendee does not have an Oracle.com account already created, he/she must create one.

Attendees must use their own badge while onsite at the event. Badges are nontransferable and **may not** be shared onsite. Any person found to be in violation of this policy will have their badge confiscated by event personnel and will be asked to leave the conference.

Anyone under the age of 21 will not be able to attend the Customer Appreciation Event and Concert, even if accompanied by an adult.

Government Rate Eligibility

The government rate is open to bona fide employees of a national/federal, state, provincial, or local government entity, including public higher education institutions. US and Canadian attendees registering under the government rate will be required to show their employer-issued government ID or other proof of government employment during check-in at Moscone Center, the Hilton San Francisco, or the San Francisco Marriott Marquis. Attendees outside the US and Canada registering under the government rate will be required to fax or email proof of government employee status (copy of government photo ID or a letter on official government letterhead stating that they are an employee of that organization) to the Oracle OpenWorld or JavaOne registration team in order to receive the discounted rate. Oracle may, at its sole discretion, charge the standard Oracle OpenWorld or JavaOne conference rate to anyone not satisfying these requirements. Government discounts, with or without the Oracle Appreciation Event tickets, are available to those who qualify.

ADA (Americans with Disabilities Act) Information

Need special assistance onsite? During the registration process, please let us know if you need assistance and we will put you in touch with a third party vendor to assist with your needs onsite. If you have any questions, please contact the JavaOne help desk (contact information below).

OCTOBER 1–5, 2017
SAN FRANCISCO

Please note: The Americans with Disabilities Act (ADA) became law in 1990. The ADA is a civil rights law that prohibits discrimination against individuals with disabilities in all areas of public life, including jobs, schools, transportation, and all public and private places that are open to the general public. The purpose of the law is to make sure that people with disabilities have the same rights and opportunities as everyone else. In order to arrange these services, your information will be provided to third parties.

Onsite Special Meal Requests

Oracle makes an effort to provide meals that accommodate attendees with a variety of dietary requirements (vegetarian, vegan, gluten/dairy free). We will make an effort to accommodate additional special requests, although we can't guarantee the ability to fulfill every request. Special meals are available on a first-come, first-served basis and quantities are limited, so your meal choice may not be available at some lunch locations. When you arrive at the lunch area, make your request known to a server and they will review with you the available meal options.

Onsite Reprints for Lost Badges

If you lose your badge onsite, it can be reprinted for a processing fee of US\$75. Just go to the Changes and Cashier counter at Moscone West and provide a valid photo ID.

Registration Deadlines

The cutoff for all registration pricing deadlines is 11:59 p.m. PT.
