7. CONFLICTS OF INTEREST

Contractor represents that to the best of its knowledge and belief, this Participating Addendum does not give rise to an actual or potential conflict of interest, which would preclude it from performing Services under this Participating Addendum. Contractor shall not engage in any business or activities, or maintain any relationships that conflict in any way with the full performance of Services under this Participating Addendum. Such a conflict of interest would arise when a Contractor or Subcontractor's employee, officer or agent were to offer or provide any tangible personal benefit to an employee of the State or a Purchasing Entity, or any member of his or her immediate family or his or her partner, related to the award of, entry into or management or oversight of this Participating Addendum or any Order.

During the performance of this Participating Addendum, Contractor agrees to identify any actual or potential conflicts of interest which may arise, and to work together with the State to manage, mitigate and avoid any such conflicts of interest in a manner that is mutually agreeable to the Parties and consistent with applicable laws and regulations.
