

Modern Business with Global Scale

How Zamil Industrial empowered a diverse workforce with **Oracle Java Cloud Service**

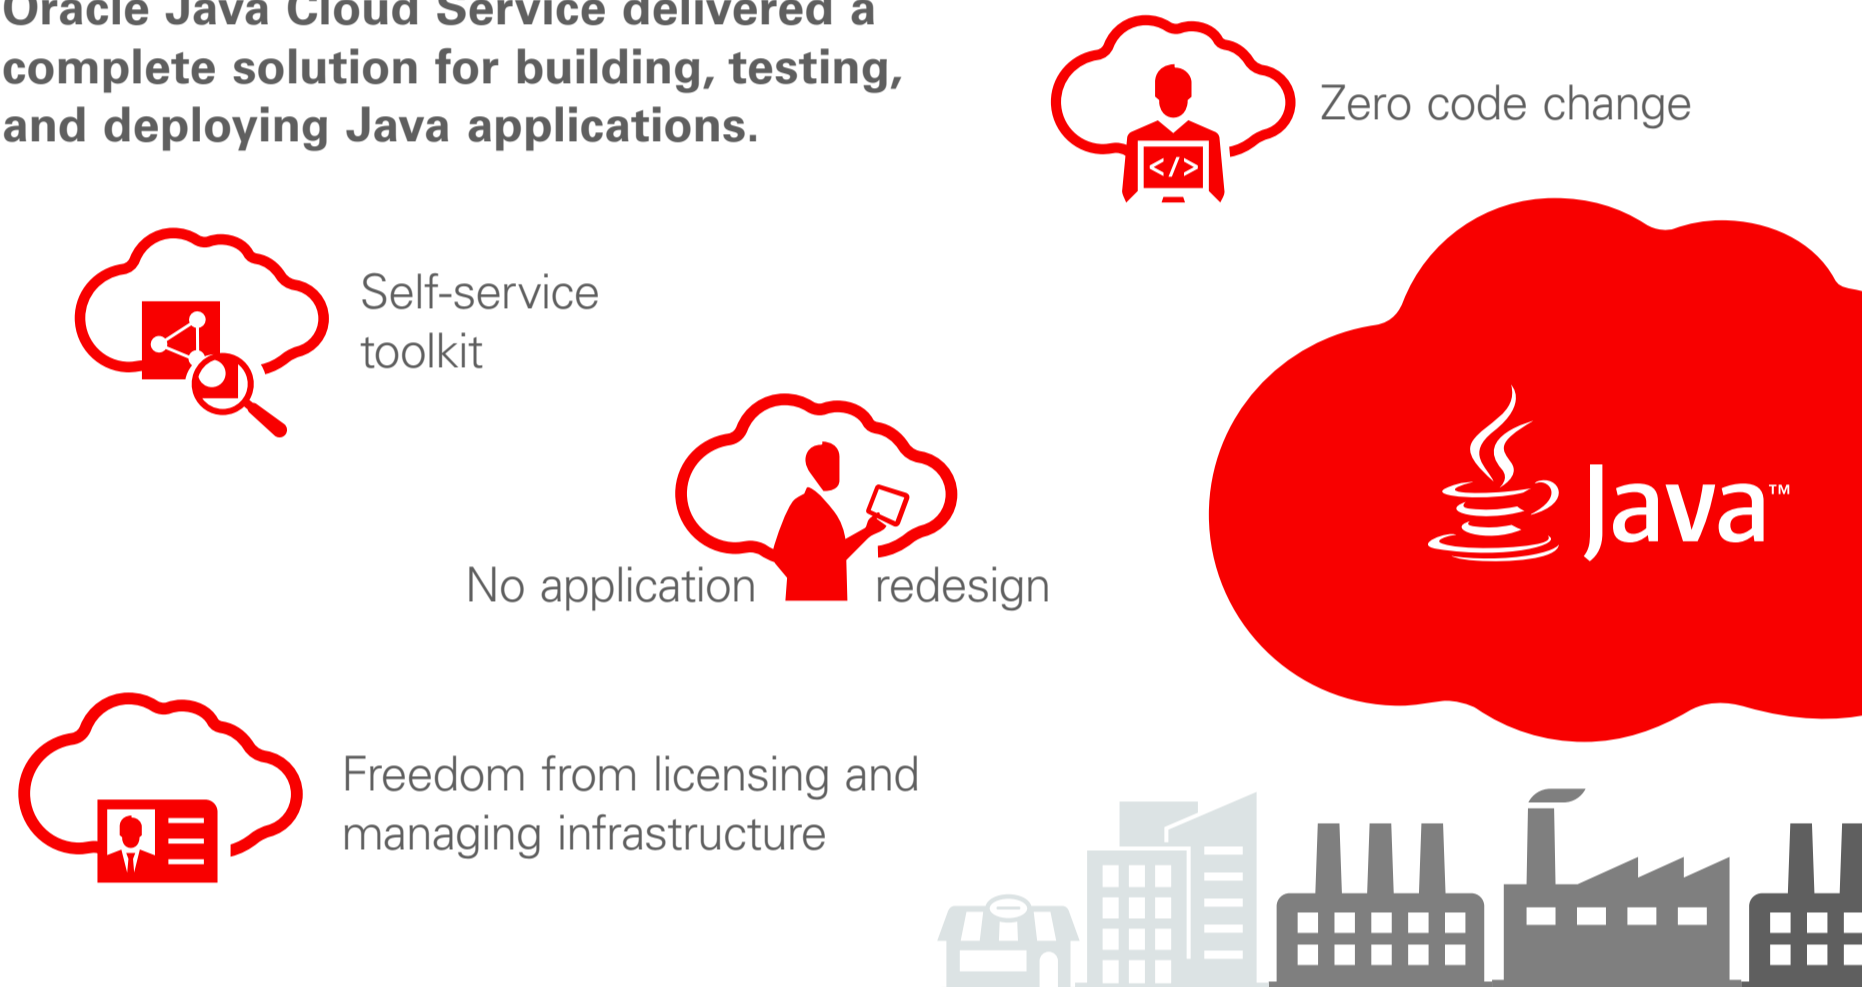

THE CHALLENGE

With engineering leadership in 55 countries, Zamil Industrial needed global access to enterprise data and applications.

MADE POSSIBLE WITH ORACLE

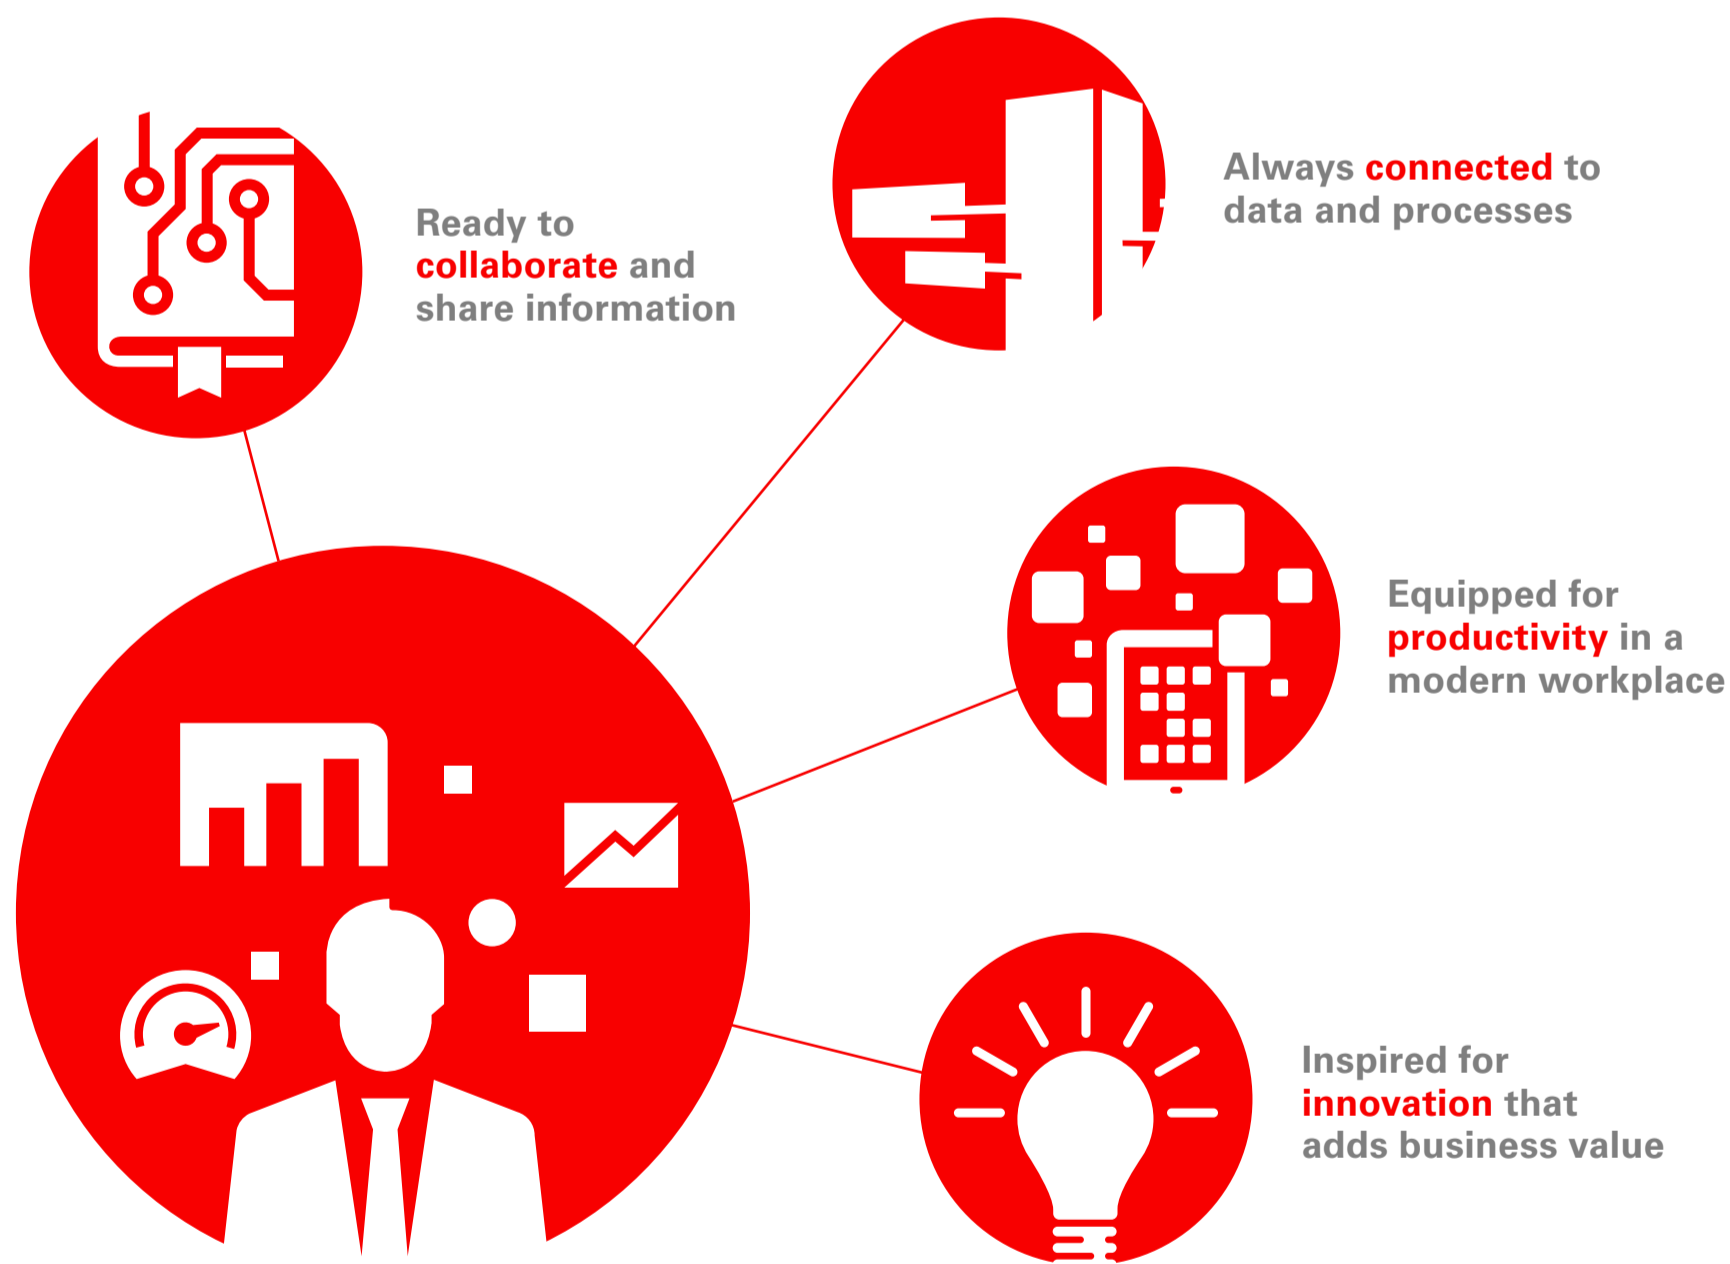

Oracle Java Cloud Service delivered a complete solution for building, testing, and deploying Java applications.

INSTANTLY MOVE FROM ON-PREMISES TO THE CLOUD

EMPOWERING EMPLOYEES

With Oracle Java Cloud Service, Zamil Industrial's workforce can deliver engineering excellence with slick processes and trusted information.

DELIVERING RESULTS

"...only Oracle's cloud technology frees us entirely from licensing, configuring, and managing our business-critical database and application server environment."

– Zaki Sabbagh, CIO, Zamil Industrial Investment Company
